is authorised to apply the designation
test mark A or B
to the products mentioned below. The instructions overleaf must
be observed.

Product: Transport carrier

Model: Glass transport device
**Types: 1, 2, 3, 4, 5 and 6, 1 U, 2 U and 21 U, 21,
41, 42 and 61**

Characteristics: Glass transport rack for mounting on the side of or inside a box
van or as a superstructure on a loading surface.
Modular system made of aluminium profiles. All glass contact
surfaces are provided with inlaid rubber strips.

The module widths comprise:
60, 65, 70, 75, 80, 85, 90 cm (outside racks) and 100, 110, 120
and 130 cm (in addition for inside racks).

The module heights comprise: 200, 230, 260 and 290 cm.

The modules consist of a bottom rail, a frame made of
horizontal and vertical profiles, and safety retaining bars with
drop-arms.

The product complies with the requirements of the German Equipment Safety Act and was tested
according to:

DIN 31000, edition 03.79
static and dynamic
load tests

Report No.: 04952500401
